## "Hymn of Hate" Not National Sentiment of Bulgarian People

Washington, Nov. 10.—Publication of the Bulgarian hymn of hate, teeming with incitement to cruelty and atrocity, has aroused officials and diplomats here and drawn from the Bulgarian Pindar, is of no standing off the declaration that the purported author, Arnaudoff, described as "the Bulgarian Pindar," is of no standing to speak the national sentiment of Bulgaria.

A literal translation of the poem bristles with expressions and phrases of revolting incitement to the most unspeakable cruelties to the men, women and children of enemy country overrun by Bulgarian troops.

"To call Arnaudoff 'the Bulgarian Pindar' is to call a very small thing by a very large name," said the minister. "He is connected with the Bulgarian department of education and writes occasionally. He is what you call in America a 'soap box poet'—a scribbler."

## CITY LIGHTS MAY SOON BE DIMMED

In the interests of conservation of coal orders are expected in this city soon which will eliminate the use of advertising signs lighted by electricity before 7:45 in the evening and after 11 at night. Lights in store windows, some times left lit all night, where places are closed, will also be cut off.

It is expected that a rigid enforcement of this rule will cut the consumption of coal by the United Illuminating Co. about 60 tons daily, a considerable saving.

Although the order was issued in Washington last night by the fuel administrator, it has not been officially received in this city. General Manager C. A. Paul of the Illuminating Co., says it will be observed by his company as soon as officially received.
